

Hallo,

On 26 of July, my wife and I stayed for unfortunately only one night on the wonderful campground just beside your restaurant. In the evening we where so lucky to get this unbelievable good dinner as you can see on the photos. Very fresh fish from the fjord with delicious natural herbs and the extremely delicious Icelandic lamb with fresh herbs and a sauce that I never will forget. And I ask myself, how did you prepare this miracle (I like cooking very much and sometimes I prepare lamb as well but I can't imagine how to make this sauce as you did!).

So sorry that your restaurant is so far away from Germany but next summer when we come back to Iceland, we will certainly spend more then one evening in your wonderful restaurant.

Thank you very much again for this unforgettable dinner.

All the best to you.

Many greetings and love

from Friederike and Hans from Münster in Germany
